Message from the Principal

I continue to pray for all of the St. Bernard families. I know someone was praying for me on Wednesday. I had a meeting in Ft. Wayne and was trying to get back to school to listen to the fourth and fifth graders report presentations when my tire went flat. Just when I thought there was no way I could make it, God sent a gentleman to help me. I had just finished asking God how I was going to complete the task, when I heard, "Do you need help with something?" Please join me in thanksgiving for Aaron French. He was a wonderful blessing to me and made it possible for me to get to school with minutes to spare.

St. Jude's feast day was Wednesday. St. Jude Children's Research Hospital needs our help. Math-a-Thon is a program that encourages children to practice their math while raising funds to help St. Jude and the children with terminal diseases. Please pay special attention to this information. Thank you!
